## **QALA LOCAL COUNCIL**

### **Annual report and financial statements for the year ended 31 December 2021**

#### **Statement of Local Council Members' and Executive Secretary's Responsibilities**

The Local Councils (Financial) Regulations require the Executive Secretary to prepare a detailed annual administrative report which includes the Local Council's statement of comprehensive income for the year and of the Local Council's retained funds at the end of the year. By virtue of the same regulations it is duty of the Council and the Executive Secretary to ensure that the Financial Statements forming part of the report present fairly, in accordance with accounting policies applicable to Local Councils, the income and expenditure of the Local Council for the year and its retained funds as at the year end, and that they comply with the Act, the Local Councils (Financial) Regulations, 1993, and the Local Councils (Financial) Procedures, 1996 issued in terms of the said Act.

The Executive Secretary is responsible to maintain a continuous internal control to ascertain that the accounting, recording and other financial operations are properly conducted in accordance with the Local Councils Act, the Local Councils (Financial) Regulations, and the Local Councils (Financial) Procedures. The Executive Secretary is also responsible for safeguarding the assets of the Local Council and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Council and signed on its behalf on 08/08/23 by:

  
**Paul Buttigieg**  
Mayor

  
**Heidi Grech**  
Executive Secretary

## **QALA LOCAL COUNCIL**

### **Notes to the financial statement for the year ended 31 December 2021**

#### **1. General Information**

Qala Local Council is the local authority of Qala setup in accordance with the Local Councils Act. The office of the Local Council is situated at :

'Civil Centre' Bishop Buttigieg Street, Qala.

The Qala Local Council forms part of the Gozo Regional Committee.

#### **2. Accounting policies and reporting procedures**

The financial statements have been drawn up in accordance with the accounting policies and reporting procedures prescribed for Local Councils in the Financial Regulations issued by the Minister of Finance in conjunction with the Minister responsible for the Local Government in terms of section 67 of the Local Councils Act, (CAP 363). The Financial Statements are prepared under the historical cost convention as modified to include fair values stated in the accounting policies below. These Financial Statements are prepared in accordance to the requirements of International Financial Reporting Standards as adopted by the EU and comply with the Local Councils Act Cap 363, the Financial Regulations issued in terms of this Act and the Local Councils (Financial) Procedures 1996.

##### **New and revised standards adopted by the Local Council**

During the current year, the Local Council has adapted a number of new standards and interpretations, or amendments thereto, issued by the International Accounting Standards Board and International Financial Reporting Interpretations Committee, and endorsed by the European Union. The Council is of the opinion that the adoption of these standards, interpretations or amendments thereto, did not have any material impact on these financial statements.

##### **New and revised standards in issue but not yet effective**

At the end of the reporting period, certain new standards, interpretations or amendments thereto, were in issue but not yet effective for the current financial period. There have been no instances of early adoption of standards, interpretations or amendments ahead of their effective date. The Local Council anticipates that the adoption of the new standards, interpretations or amendments thereto, will not have a material impact on the financial statements upon initial application. The most relevant changes are the below:

##### ***Amendments to IAS 1 – Classification of Liabilities as Current or Non-current***

The amendments to IAS 1 affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items. The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The amendments are applied retrospectively for annual periods beginning on or after 1 January 2023, with early application permitted.

## QALA LOCAL COUNCIL

### Notes to the financial statement for the year ended 31 December 2021

#### Annual Improvements to IFRS Standards 2018–2020

IFRS 9 Financial Instruments - The amendment clarifies that in applying the '10 per cent' test to assess whether to derecognise a financial liability, an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf. The amendment is applied prospectively to modifications and exchanges that occur on or after the date the entity first applies the amendment. The amendment is effective for annual periods beginning on or after 1 January 2022, with early application permitted.

#### a. Revenue recognition

Revenue is recognised when there are no significant uncertainties concerning the derivation of consideration or associated costs. Interest income is recognised in the statement of comprehensive income as it accrues.

Income from central government is not recognised until there is reasonable assurance that the Council will comply with any conditions attached to it, and that the income will be received. The received income is to be recorded gross, and any deductions therefrom are to be disclosed separately with expenses.

#### b. Local Enforcement Systems

During the year, the amount disclosed in the financial statements under Local Enforcement System income represents the administrative fee of 10% that is now chargeable to the Regional Committees and the Law Enforcement System Agency for contraventions paid at the Council.

#### c. Property, Plant and Equipment

Property, plant and equipment is stated at cost less accumulated depreciation and impairment loss to date. Depreciation is calculated on a monthly basis using the straight line method.

The depreciation rates are the following:

	%
Land	0
Trees	0
Buildings	1
Office furniture and fittings	7.5
Construction works	10
Urban Improvements	10
Special programmes	10
Office equipment	20
Motor vehicles	20
Plant and machinery	20
Computer equipment	25
Plants	100
Litter bins	replacement basis
Playground equipment	100
Road and Traffic signs	replacement basis
Street mirrors	replacement basis
Street lights	100

Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying amount and are taken into account in determining operating profit. The residual values and useful lives of the assets are reviewed and adjusted as appropriate, at each financial reporting date.

The carrying amount of an asset is written down immediately to its recoverable amount if the carrying

## **QALA LOCAL COUNCIL**

### **Notes to the financial statement for the year ended 31 December 2021**

amount of the asset is greater than its estimated recoverable amount.

Subsequent costs are included in the carrying amount of the asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the Local Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

#### **d. Government Grants**

Government grants relating to operating expenditure are recognised according to IAS 20 in the Statement of Comprehensive Income in the same period that the related expenditure is incurred. Grants relating to assets are deducted from the carrying amount of the asset using the capital approach.

#### **e. Impairment of Assets**

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of the fair value of the asset less cost to sell and the value in use. Impairment losses are immediately recognised as an expense in the Statement of Comprehensive Income.

#### **f. Amounts Receivable**

Amounts receivable are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for impairment. A provision for impairment of amounts receivable is established when there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount of the asset in the present value of the estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the Statement of Comprehensive Income.

#### **g. Payables**

Amounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not they are presented as non-current liabilities.

Liabilities for trade and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Council.

#### **h. Foreign Currencies**

Items included in the Financial Statements are measured using the currency of the primary economic environment in which the Local Council operates. These Financial Statements are presented in Euro (€) which is the Council's functional and presentation currency.

Transactions denominated in foreign currencies are translated in Euro at rates of exchange in operation on the dates of transactions. Monetary assets and liabilities expressed in foreign currencies are translated in Euro at the rates of exchange prevailing at the date of the Statement of Financial Position.

#### **i. Profit and Losses**

Only profits that were realised at the date of the Statement of Financial Position are recognised in these

## **QALA LOCAL COUNCIL**

### **Notes to the financial statement for the year ended 31 December 2021**

Financial Statements. All foreseeable liabilities and potential losses arising up to the said date are accounted for, even if they become apparent between the said date and the date on which the Financial Statements are approved.

#### **j. Cash and Equivalents**

Cash and Cash Equivalents are carried in the Statement of Financial Position at face value. For the purpose of the Statement of Cash Flows, cash and cash equivalents comprise cash in hand and balances held with banks.

#### **k. Related parties**

Related parties are those persons or bodies having relationship with the Council as defined in IAS 24.

Related parties to the Local Council comprise the Department for Local Government, the Regional Committee and other Government entities.

The related party that exercises a significant control is the Department for Local Government. Those that exercise no control are the Regional Committee and other Government entities such as Water Service Corp. and Wasteserve.

#### **l. Critical accounting estimates and judgements**

The preparation of financial statements in conformity with IFRS requires council members to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Use of available information and application of judgement are inherent in making estimates. Actual results in future could differ from such estimates and the differences may be material to the financial statements. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

In the opinion of the Council, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1 (revised).

#### **m. Capital Management**

The Council's capital consists of its net assets, including working capital, represented by its retained funds. The Council's management objectives are to ensure:

- that the Council's ability to continue as a going concern is still valid and
- the the Council's maintains a positive working capital ratio

To achieve the above, the Council carries out a quarterly review of the working capital ratio (Financial Situation Indicator). The Council also uses budgets and business plans to set its strategy to optimise its use of available funds and implement its commitments to the locality.

## **QALA LOCAL COUNCIL**

### **Notes to the financial statement for the year ended 31 December 2021**

#### **n. Borrowings**

Borrowings are initially recognised at cost, being the fair value of the consideration received and including acquisition charges associated with the borrowing.

Subsequent to initial recognition all interest-bearing borrowings, other than liabilities held for trading, are subsequently measured at amortised cost, using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on settlement. Borrowing costs are recognised as an expense in the period in which they are incurred.

#### **o. Financial Instruments**

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions of the financial instrument. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Financial assets and financial liabilities are measured initially at fair value plus transaction costs. They are measured subsequently as described below.

##### **Financial assets**

For the purpose of subsequent measurement, financial assets of the Council are classified into loans and receivables upon initial recognition.

Receivables are subject to review for impairment at least at each reporting date. Financial assets are impaired when there is any objective evidence that a financial asset or a group of financial assets is impaired. Different criteria to determine impairment are applied for each category of financial assets, which are described below.

All income and expenses relating to loans and receivables are presented with 'finance income' or 'finance costs', except for impairment of receivables which is presented in 'administration and other expenditure'

Loans and receivables are non-derivating financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition these are measured at amortised cost using the effective interest method, less provision for impairment. Discounting is omitted where the effect of discounting is immaterial. The Council's other receivables fall into this category of financial instruments.

Individually significant receivables are considered for impairment when they are past due or when other objective evidence is received that a specific counterparty will default. Receivables that aren't considered to be individually impaired are reviewed for impairment in groups, which are determined by reference to the industry and region of counterparty and other available features of shared credit risk characteristics. The percentage of the write down is then based on recent historical counterparty default rates for each identified group.

## QALA LOCAL COUNCIL

### Notes to the financial statement for the year ended 31 December 2021

#### Financial liabilities

The Council's financial liabilities include other payables. These are stated at their nominal amount which is a reasonable approximation of fair value. All interest related charges are included within 'finance costs'.

#### 3. Funds received from Central Government

## QALA LOCAL COUNCIL

### Notes to the financial statement for the year ended 31 December 2021

#### 17. Contingent liabilities

- i) Euro 15,392 being amount claimed by Mr Peter Paul Said which the Council did not recognise, is not accounted for.
- ii) Euro 11,687 being amount claimed by Perit Godwin Sultana which the Council did not recognise, is not accounted for.

#### 18. Financial instruments

The Council's activities expose it to credit risk and liquidity risk through its use of financial instruments which result from its operating activities. The council is not exposed to any market risk. The Council's risk management is coordinated by the council members and focuses on actively securing the council's short to medium term cash flow by minimising exposure to financial risks.

The most significant financial risks to which the council is exposed are described below.

##### *Credit risk*

The Council's exposure to credit risk is limited to the carrying amount of financial assets recognised at the end of the reporting period, as summarised below:

	2021	2020
	€	€
<i>Class of financial assets - carrying amounts</i>		
Trade and other receivables	32,127	52,689
Cash and Cash Equivalents	1,273,976	1,441,231
	<u>€ 1,306,103</u>	<u>€ 1,493,920</u>

The council continuously monitors defaults of counterparties, identified either individually or by group and incorporates this information into its credit risk controls. The council's policy is to deal with only creditworthy counterparties.

The Council considers that the above financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due. See note 12 for further information on impairments or financial assets that are past due.

None of the Council's financial assets are secured by collateral or other credit enhancements

The credit risk for liquid funds is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

## QALA LOCAL COUNCIL

### Notes to the financial statement for the year ended 31 December 2021

#### 18. Financial instruments (cont.)

##### *Liquidity risk*

The Council's exposure to liquidity risk arises from its obligations to meet its financial liabilities which comprise payables. Prudent liquidity risk management includes maintaining sufficient cash and committed credit facilities to ensure the availability of an adequate amount of funds to meet the council's obligations when they become due.

The Council manages its liquidity needs through yearly budgets and business plans by carefully monitoring expected cash inflows and outflows on a daily basis.

	2021	2020
	€	€
Payables	458,382	751,534

##### *Other risks*

The Council's interest rate risk arises from long term borrowings. Borrowings issued at variable rates expose the Council to cash flow interest rate risk. In general, the Council's exposure to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financing position and cash flows are not deemed to be substantial by the Councillors and Executive Secretary in view of the nature of the assets and liabilities.

#### 19. Related party transactions

During the year under review, the Council carried out transactions with the following related parties:

<i>Name of Entity</i>	<i>Nature of relationship</i>
Department of Local Councils	Significant control
Gozo Regional Committee	Joint Control
Central Regional Committee	No Control
Regional Committees	No Control
Water Services Corporation	No Control
Enemalta Corporation	No Control
Wasteserv Malta Limited	No Control
Malta Environment and Planning Authority	No Control
Department of Lands	No Control
Director General - Works Division	No Control
Police General Headquarters	No Control
Office of the Prime Minister	No Control

## QALA LOCAL COUNCIL

### Notes to the financial statement for the year ended 31 December 2021

#### 19. Related party transactions (cont.)

<i>Name of Entity</i>	<i>Nature of relationship</i>
Office of the Prime Minister	No Control
Office of the Commissioner for Data Protection	No Control
Association of Local Councils' Secretaries	No Control
Ministry for Resources and Rural Affairs	No Control

The following were the significant transactions carried out by the Council with the related parties having significant control:

	2021	2020
<b>Income</b>		
Annual financial allocation	€ 354,074	€ 344,044

The ultimate controlling party of the Local Council is Central Government since the Council's main revenue is from the Government allocation received every quarter. Apart from the normal funds received from Government, Councils also receive funds relating to specific projects as well as other funds for improvement and betterment of the locality.

The Council also receives revenue from other Government entities such as Water Services Corporation for trenching works carried out in the locality, and for the reinstatement of roads as a result of the trenching works.

#### **Key management compensation**

Transactions with key management personnel are disclosed in note 6.

#### 20. Fair value estimation

The nominal values less estimated credit adjustments of receivables and payables are assumed to approximate their fair values, otherwise, these have been adjusted to approximate their fair values.
